

To NGK Doetinchem,

We are honoured to have you as partner and to be able to collaborate together to the well-being of those who are in greatest need, through the activities carried out with a team from your church, last summer and this year.

We are so happy for the opportunity to meet Maikel and Greetje and the wonderful teenagers last year in the summer camp. They did an amazing job, and remain in our hearts forever.

We want to thank you for the material support and presents provided to our children and their families. We felt so much love and dedication seeing the shoe boxes prepared for the kids. We could read the joy on their faces. They were radiant.

Your direct involvement in the activities of ASA Association, brought a smile to the face of those who needed change for the better, but also the feeling that there are people for whom they are important.

With the hope that we will continue this collaboration, the ASA Association thanks you and wishes you much success and many blessings in realizing your current and future plans.

We are transparent and willing to share any information you request regarding this project implementation.

We invite you to follow our website as well as our social media accounts to learn about our activities and beneficiaries.

With much appreciation,

Ioana Ghiurău
